

GLOBAL LEADERSHIP

REBUILDING OUR FUTURES

OCTOBER, 2022 EDITION

Global Leadership returns next year!!! New learning! New Adventures!

A Powerful and Exciting Journey for Students going into Grades 11 or 12 Next Year!

Monsignor Doyle Catholic Secondary School is proud to announce that next fall, the **Global Leadership Program** returns to our school!!!

The global leadership program @MDCSS is a one-of-a-kind, multidisciplinary and cross-curricular four credit program for both grade 11 and 12 students.

The program combines:

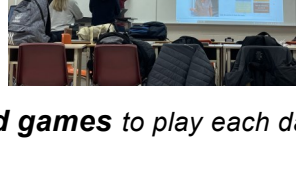

- Society: Challenge and Change (HSB4U)**
- Economics (CIA 4U)**
- World Issues Geography (CGW 4U)**
- Political Science and International Business (IDC 4U)**

Into the ultimate high school learning experience!!!

What Happens in the Global Leadership Program?

The Global Leadership provides a one-of-a-kind, state of the art learning experience, including:

- Cross-curricular and multidisciplinary learning.** See how the issues in your life connect to the working of the world. Lessons are designed to bring what you care about to life, and to show you how socioeconomics and geopolitics come together to create the world you will someday lead!
- Interactive Learning.** Full course use of professional grade interactive and gamified software to replace traditional textbooks.
- Realistic role-playing, simulations and games** to play each day, so you learn while having fun!
- Trips to multiple universities,** working with university programs and professors engaged in hands-on and real world application of social studies, business and world issues content
- Community Building Experiences.** Other leadership building trips including escape rooms, corporate headquarters, think tanks and much more!
- Meet Real Leaders in the World.** Leaders who will be working with you in class, including professors, Members of Parliament, business and community leaders, think tank members and the leaders of international organizations!
- Become a More Successful Student.** The opportunity to prepare for university by learning essential life skills such as communication, leadership, planning, creative and critical thinking, and university focused skills including case studies, thesis writing and more...

Academic Success is ready when You are!

Global Leadership Students have become some of the **most academically successful students** in the school. Both grade 11 and grade 12 students last year completed 4 12u credits with a high degree of success!

49%

Percentage of Global Leadership Credits with a final grade **over 90%**

82%

Percentage of Global Leadership Credits with a final grade **over 80%**

86%

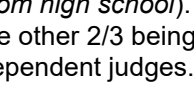

Global Leadership Program **Average** in 2022

Students not only earned top grade in four 12U Courses, but they did so while also gaining an incredibly deep understanding of the world found only in this program within the WCDSB. Global Leadership students did all this while learning essential academic and personal development skills that will last a lifetime!

Remember, the Global Leadership Program included **63% grade 11 students last year**. This means that most of these grade 11 students entered grade 12 having already earned 4 12U credits with an average over 80% or even over 90%!!!

Need Money for University? We have Scholarships for You!

The Global Leadership offers a **unique scholarship opportunity exclusive only to the students in our program**. Global Leadership offers **9 \$1000 scholarships** for university (*received upon graduation from high school*). 1/3 of the scholarships are based on economic need, with the other 2/3 being chosen through an application process by a panel of independent judges.

Last year's class was awarded these scholarships, helping to make their transition to university less stressful and more affordable! If you are looking for a program that could not only prepare you for university, but also possibly help you afford it, this is the program to take!

A New Adventure on the Horizon!!!

For the first two Global Leadership Programs, we took a big class trip to Ottawa (*and a bit of Montreal*). But next year, the Global Leadership Program is going on a **HUGE NEW ADVENTURE!!!**

Once students are signed up, we will be meeting in March to decide on one of three amazing adventure for early December, 2023.

Where do you want to go?

NEW YORK CITY

WASHINGTON, D.C.

LONDON, ENGLAND

The class will decide based on financial viability and projected itinerary. We will also plan on running fundraising events at the school and in the community to support these initiatives in the fall. Financial assistance may also be available. Our goal is to make sure everyone gets to join this once in a lifetime high school experience!!!

Have Questions? Want to Learn More? Come speak with us at lunch!!!

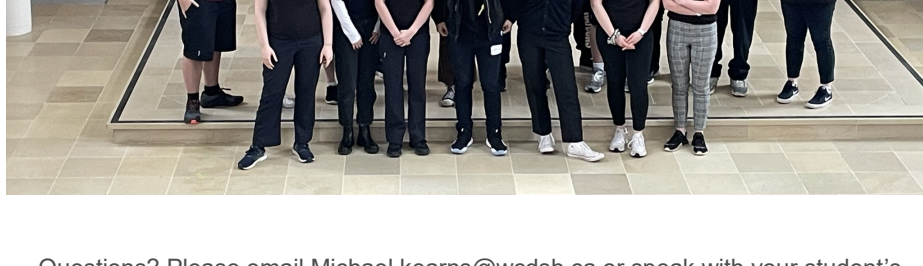

In November the Global Leadership Program will offer lunch time information sessions in the Doyle Lecture Hall...

<p>Tuesday, November 1st</p> 	<p>Introducing Global Leadership:</p> <p>Come to a free lunch time event with snacks in the lecture hall. Meet former Global students and learn more about what the global leadership program is all about!</p>

PARENT/GUARDIAN INFO NIGHT, NOVEMBER 29TH

A One-Night Global Leadership Event for Parents/Guardians & Prospective Students on the evening of Tuesday, November 29th from 7-8pm in Lowry Hall @ MDCSS

- Bring your parents/guardians to learn more about the global leadership program!
- Hear from former Global students** both at Doyle and from afar as they share how Global Leadership helped spark their journey and got them ready for the road ahead
- Learn about how you can fit the Global Leadership program into your high school plans** and schedule without problem!
- Learn from **Dr. John Milloy** (Wilfrid Laurier University, Former MPP for Kitchener Center) and **Dr. Suzanne Kearns** (University of Waterloo, Director of the Waterloo Institute for Sustainable Aeronautics) as they explain how the Global Leadership Program excellently prepares students for a variety of post-secondary options
- Learn more about the **trips and university connections** planned for next year
- Learn about the **Global Leadership Scholarship Program**
- Watch as **your student experiences an actual lesson** from the global leadership program from their seats!!!
- Have your questions answered by the teaching staff** for the program next year.

Questions? Please email Michael.kearns@wcdsb.ca or speak with your student's guidance counselor
