# MONSIGNOR DOYLE CATHOLIC SECONDARY SCHOOL

*We walk the path of learning, faith, and respect together.*

## COURSE OFFERINGS 2023 – 2024

Course selection is an important time to choose wisely for next year. The final decision on course selection for students under 18 years of age rests with parent/guardians. Therefore, keeping in touch with your child's guidance counsellor and teachers is important. Consideration of the student's achievement for the past several years and information from the school, will help in choosing a program for which your child can achieve success.

Course selection is an important vehicle for the educational planning process and is required each year. It is the responsibility of all students and their parents/guardians to complete course selections by the prescribed date.

Changes to a student's timetable will be made for sound educational reasons only and are dependent upon course availability and location. It is not always possible to make changes. It is very important to think about your course choices during course selection time including Pathway considerations for your future.

Please note that in some cases, courses will be cancelled when there are not enough students enrolled. As well, course enrollment totals will be set for specialized programs. Please submit your course selection on time to be considered for these.

- Add courses to your High School Plan.  
Click on + Course to select from courses at Doyle.
- Click on Review Course Selections to review your chosen courses.
